

## INSTRUCTIONAL CONTINUITY PLAN

Distance learning is a method of study in which course content, assignments, and communication are held over the Internet. At MDCPS we have a comprehensive collection of online content and digital resources to aide in distance learning so that students can continue their learning without interruption. During the time of our school closure, students are expected to continue learning online by completing assignments and tasks assigned by teachers. Below is a list of our communication tools and online learning platforms, as well as some of the digital resources available to students by grade level. **It is best practice to have students log in and access assignments during their teachers' office hours as they will be readily available to answer questions.** If you have any questions or concerns, please reach out to your child's teacher via the communication tool/online learning platform listed or email. A comprehensive list of email addresses can be accessed on our website [ewfstirrup.com](http://ewfstirrup.com) under Staff Directory. For any additional information, you may contact Ms. Simon, Principal, via email at [npsimon@dadeschools.net](mailto:npsimon@dadeschools.net) or by telephone at 305-226-7001.

Teacher Name	Grade Level	Communication Tool/Online Learning Platform	Office Hours Available	Digital Resources
